

The tourist tax is a source of funding for the development of tourism in your region.

Since 1st January 2015, the tourist tax has been unified and collected in the Luberon Monts de Vaucluse (LMV) region.

Every owner of tourist accommodation in the towns of Beaumettes, Cabrières d'Avignon, Cavaillon, Cheval-Blanc, Gordes, Lagnes, Maubec, Mérimindol, Oppède, Robion and Les Taillades must collect the tourist tax from their guests.

The rates were set by the federation council following the deliberations of 26 June 2014 and 13 April 2015. The rates are applied for each day and to each guest according to the type of accommodation concerned, from €0.20 to €1.65.

The revenues from this tax are used to carry out practical actions especially in favour of our policy promoting local tourism. LMV decided to set up a joint tourist office with the legal status of a public industrial and commercial body (EPIC), giving it the scope to promote and market the tourist offer in the region. This new body is a real tourist-development tool for socio-professional organisations.

Among the directions decided on, LMV aims to develop a uniform approach to welcoming and informing visitors all over the region, to set out a marketing approach and to launch a programme to market holiday and regional-discovery products.

# 1 TAX RATES

TOURIST TAX RATES **AS OF 13/04/2015**

(Following the deliberations 26/06/2014 and 13/04/2015).

The rate is set for establishments according to their tourist category (number of stars or equivalent). For accommodation that is not categorised, but has official certification, a correspondence has been made between their certification level and the number of stars.

# 2 EXEMPTIONS

All your customers are subject to the tax, but certain exemptions exist.

The following individuals are exempted from the tourist tax:

- minors;
- guests with a seasonal work contract who are employed in the town;
- guests who have been granted emergency accommodation or temporary rehousing;

# 3 CALCULATION OF RATE

Luberon Monts de Vaucluse Municipalities Federation introduced a tourist tax in its region to help finance the development of local tourism.

All accommodation is subject to the tax whenever payment is made, whether by professionals or private individuals. The tourist tax concerns guests who are not residents in the region and who do not own homes that are subject to council tax.

You must collect the tourist tax from the guests concerned and pay it to the Municipalities Federation.

The amount of the tax due is calculated by multiplying the applicable rate by the number of overnight stays and the number of people subject to the tax who have stayed in your establishment.

You must write down the details of the calculation in your owner's register, an example of which is available here: [lmv.taxesejour.fr](http://lmv.taxesejour.fr)
